

Critical Infrastructure

Helping to Build Tribal Communities

AMERIND created AMERIND Critical Infrastructure (ACI) in response to a need to support the development of tribal infrastructure in Indian Country.

AMERIND
Critical Infrastructure

Community-Based Solutions

From education to health care, public safety to tribal housing, broadband Internet access provides a platform to build and sustain communities, including, for example:

- ▲ Live-saving preventive and specialist care through telemedicine
- ▲ Emergency responders who save lives and property
- ▲ Distance learning opportunities, including preservation of native languages
- ▲ Tribally owned and operated utilities

AMERIND Critical Infrastructure Offers You:

- ▲ Strategic planning and infrastructure design services
- ▲ Grant development and support
- ▲ Financial management and support
- ▲ IT & cybersecurity support
- ▲ Energy development
- ▲ Access to “social impact funding” to help meet federal matching requirements

Protecting Our People

Founded in 1986, AMERIND, an AM Best A- (Excellent) rated company, is the only 100% tribally owned insurance provider serving Indian Country. More than 400 tribes united to create affordable and sustainable insurance products and services for Indian Country. Our mission is to keep Indian money in Indian Country.
