

HURRICANE PREPAREDNESS: KEY STEPS FOR TRIBAL COMMUNITIES

Emergency Plans

Update your Emergency Action Plan (EAP).
Know evacuation routes and shelters.

Evacuation Preparation

Evacuate early if advised.
Identify safe high-ground locations.

Emergency Supplies

Stock up on water, non-perishable food, medication, and first aid.
Have flashlights, batteries, and portable chargers ready.

Secure Property

Tie down outdoor items.
Protect critical infrastructure and document assets for insurance.

Backup Power & Communications

Test generators and backup power.
Have a communication plan; consider radios or satellite phones.

Flood Protection

Use sandbags, storm shutters, and move items to higher ground.

Follow Local Authorities

Monitor NOAA and emergency updates.
Follow evacuation orders.
